

**About Fortune:**

Fortune Trading Company LLC is a supplier based in Seattle, specializing in high temperature, chemically resistant, asbestos-free and environmentally safe textiles for industrial users.

As a global company, Fortune Trading Company LLC is dedicated to bringing its customers the products their industries demand. FTC's detailed process fully integrates the production and sale of our products, from weaving or compounding, to coating or customization. Our customers expect reliability, timeliness, and competitive pricing; they also expect strength, versatility, and quality from the specialized products they order. FTC prides itself on consistently meeting and surpassing these high expectations.

Since Fortune maintains a comprehensive inventory in our warehouse near the Port of Seattle, we can meet the most demanding needs by drawing from a wide range of options. Currently we offer twenty plus fabrics and will be adding more products each business quarter:
